

PenRad MIS System Requirements

MINIMUM HARDWARE AND SOFTWARE REQUIREMENTS

Server

Processor: Pentium 4, 2+GHz

Software: Windows 2003, 2008 Server, MS SQL 2005, 2008 Server, MS Word *

Memory: 4GB RAM

Storage: 50GB

Backup: Tape Drive or backup plan to network

Modem: 56K Class 1 & 2 Fax Modem, and dedicated analog phone line

(Only if faxing from PenRad)

Note: Facilities that do 100 exams a day will see the database grow approximately 500MB a year, so 10 years of data would require 5GB of storage

Client Workstations

Processor: Pentium 4, 2+GHz

Software: Windows XP or 7.0, MS Word

Memory: 2GB RAM

Storage: 40GB Hard Drive

ANTI VIRUS IS NOT PROVIDED AND IS THE CUSTOMERS RESPONSIBILITY
