It's the one workstation that allows you to do all your work.

Does your Mammography Information System let you do the whole job on one workstation?

Read all breast modalities, analyze, document, track, plan, recall, compare to similar morphology, and manage your practice. Only PenRad offers the COMPLETE Breast MIS Total Imaging Solution.

Save time. Save money. Increase efficiency. Only with PenRad's PenView Softcopy Solution.

PenRad offers solutions to advance professional productivity and to reduce expenses for breast imaging centers. Interested in learning more about PenRad solutions, call 763.475.3388 for more info or to schedule a webinar or visit our website at PenRad.com
